WHOLESALE LIST

MARKET GARDENERS

and Other Large Buyers.

DELANO SEED COMPANY,

SEED FARMERS AND MERCHANTS,

LEE PARK, - - NEBRASKA.

GUARANTEED SEEDS.—All seeds we sell are guaranteed. See what we say on the next page.

PRICES.—We have reduced our prices to conform with the times. At the same time we do not attempt to compete with "cheap" seeds. Prices are subject to fluctuations of the market. At the prices given, we deliver seeds in packets—ounces, quarter pounds, half pounds, pounds, pints and quarts—FREE at any post office in the United States. If seeds are sent at the buyers expense, deduct EIGHT CENTS PER POUND, eight cents per pint, and 16 cents per quart.

REMITTING.—Cash must accompany an order. We prefer Post Office Money Orders on Lee Park. Postage stamps accepted, any denomination, for orders not exceeding two dollars.

DELIVERY OF SEEDS.—We guarantee that all shipments shall reach the buyer in good order; otherwise we will fill the order again without charge.

GUARANTEE. Do you know that the United States Department of Agriculture, at Washington, has established a standard for purity and vitality of seeds? This is a great protection to the buyer of seeds who can not tell whether his seeds will grow or not when he exchanges his money for them. You can now send any sample of seeds to the SEED DIVISION, DEPT. OF AGRICULTURE, Washington, D. C., and they will test them for you free.—We offer our seeds to the seed buying public under the following conditions:

We hereby guarantee all seeds sold by us from this date to be fully equal in purity and germinating power to the standard required by the Department of Agriculture, according to the following table:

FARM SEEDS.

 We ship car loads of farm seeds and can supply first-class stock. We do not handle the lower grades. All farm seeds we send out are GUARANTEED, same as garden and flower seeds, and this is a fact worth considering when a seed costumer is looking for stocks to put on his farm.

Alfalfa seed in some sections of the country contains DODDER—a weed that will ruin alfalfa fields; also English Plantain another weed very disastrous to the farm. We will not ship any alfalfa containing these seeds. In consequence we are obliged to ask higher prices than some others.
